## SKILLS

- React.js
- Node.js
- Express.js
- Typescript
- MUI
- Next.js
- GraphQL
- Javascript
- HTML
- CSS
- Tailwind CSS
- EJS
- MySQL
- MongoDB
- Git
- Jest
- Jira
- Agile workflow

## EXPERIENCE

August 2023 - Present

### Software Engineer

Nodemon LLC

- Develop re-usable UI components using React.js functional components, Typescript and Material UI.
- Migrating existing React.js components from Javascript to Typescript in order to make the codebase more robust and type-safe.
- Creating backend APIs using Node.js and Express.js, using asynchronous programming techniques in order to boost API performance and integrating them with frontend components.
- Establishing communication between backend APIs and MySQL database as well as handling database migrations using Prisma.js ORM.

April 2022 - July 2023

### Full Stack Developer

Perla

- Designed and developed engaging user interfaces that not only look great but also function flawlessly using React.js, TailwindCSS and MUI, following the appropriate patterns and conventions
- Collaborated closely with backend team to seamlessly integrate frontend components with backend APIs, ensuring smooth communication and data flow.
- Embraced agile development process by actively engaging with fellow engineers, participating in daily stand-up meetings, and remaining flexible in the face of evolving project needs.

November 2018 - February 2022

### Software Developer (Part-time)

Adotel Travel Technology

- Built, tested, and launched top-notch web applications using React.js for the frontend and Node.js for the backend.
- Engaged in every stage of the app's life cycle, from planning and design to testing, deployment, and upkeep.
- Fixed problems quickly to keep apps running without a hitch.

September 2016 - October 2018

### Full Stack Engineer

Adotel Travel Technology

- Developed and maintained responsive and user-friendly web applications using HTML, CSS, and JavaScript.
- Implemented backend logic and server-side functionalities using Node.js, ensuring smooth data flow and application performance.
- Demonstrated strong problem-solving skills and attention to detail in identifying and resolving technical issues.

## EDUCATION

August 2021

### MEng in Electrical and Computer

Concordia University, Montreal
